

## Introduction

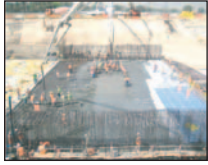

StructCon Constructions LLC was founded in 2004 in Dubai to cater to the growing demands for medium sized contractors to execute structure & infrastructure works. Since its inception, StructCon Constructions LLC has grown steadily and has earned an excellent reputation and key position in the contracting business in relation to medium sized structural and utilities projects.

## Mission Statement

StructCon Constructions is committed to providing specialist services and quality performance with a positive attitude. We will continue to strive for improvements in our services to reach our goal for complete client satisfaction with respect to completed quality works, Health, Safety and Environment and timely handover of projects.

**StructCon Constructions LLC** will always be strongly committed to the following;

- ☞ Completion of our projects on schedule.
- ☞ HSE and workers safety to be top priority without any compromise.
- ☞ To be highly innovative to meet customer/client requirements and be cost effective.
- ☞ Commitment to comply with UAE local authorities' requirement and ultimately the citizen's.

## Company Capabilities

StructCon Constructions LLC is a Specialist Company catering to the UAE, with future ambitious plans of expanding to other Middle East Countries. Our capabilities includes, but not limited to, the following;
